“Customer satisfaction starts from meeting the needs of them.”

Since its founding in 2006, our company which has continued to expand the business in the dental instrument manufacturing has received a lot of attention from both domestic and international customers with competitive quality and price range. We maintain constant changes to meet the desired service of the customers by increasing the company's state-of-the-art equipments like CNC multi-purpose machines in proportion to the products meeting the needs of the customers, and we activate the product development by accepting and incorporating the ideas of physicians with expertise in this area, workers or customers.

We, Surgident, has expanded the business continuously by developing and manufacturing the products for dental implants so far, and we will become a leading brand of dental equipments putting the customer satisfaction as a top priority.

Thank you.

Sincerely,
Daniel Hur, CEO

SD-Screw

Easy removable Bone Tac

- Membrane fixation and/or mesh plate fixation
- Screw head design with crucial slit
- Color coded pins per length

Titanium Mesh

Self-drilling & Self-tapping screw

- Fixation of mesh or membrane
- Color coded screws per diameter
- Biocompatible Titanium alloy

Bone Tac

Titanium Mesh

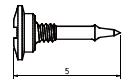

- Membrane & Tissue support
- Protection for grafting site
- Thickness : 0.10mm
- Pore size : 0.6mm & 1.4mm
